PORTFOLIO

WHO AM I

I'm **R3NA**, a gaming and entertainment creator who blends variety gaming with humor, voice acting, and a whole lot of chaotic energy.

I'm all about making my streams feel less like watching gameplay and more like hanging out with a friend. Expect expressive voices, playful energy, random moments, and plenty of chaos.

Gaming • Voice Acting • Chaotic Humor • Community

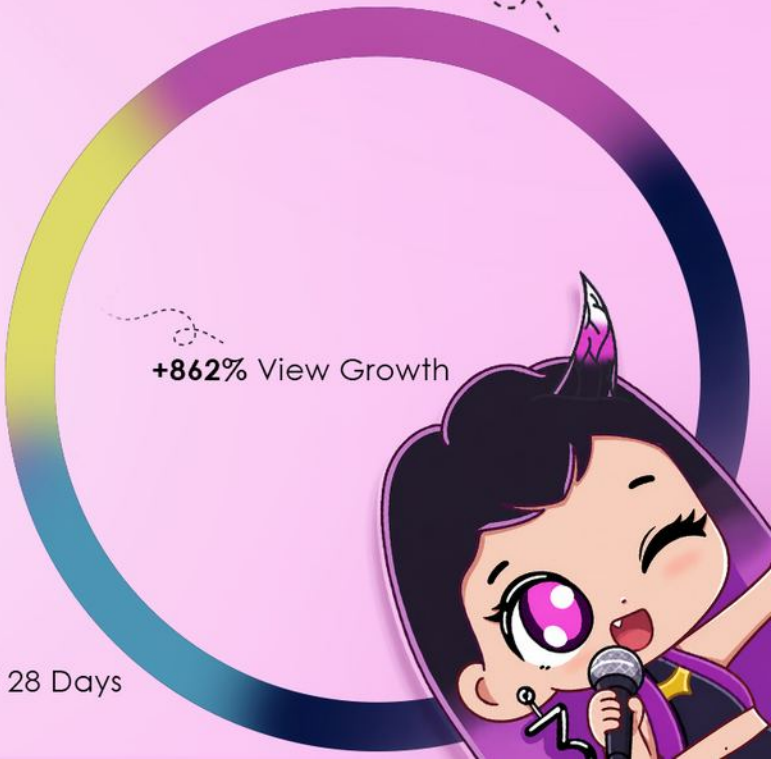

For fun, I love scaring people with my voice, flirting around, yapping with chat, and turning completely random moments into content.

Basically: Come for the games. Stay for the mayhem.

HOW I PROMOTE BRANDS

Just Chatting Brand Integration

Our Just Chatting stream features a complete studio-style setup with a **gaming chair, microphone, keyboard, mouse, and other equipment**. This gives brands a natural and highly visible space for product placement.

For a collaboration, we can redesign the setup around the brand's product, **replacing or incorporating** existing equipment with the sponsored product for an authentic showcase.

We can also **expand** the setup with products such as headsets, controllers, lighting, webcams, or other gaming accessories, depending on the campaign.

MY VISION

My **voice and voice acting** to form a major element in what gives my content its distinctive and unique character.
(NO PLANS FOR FACECAM)

First comes my **personality**, together with my **sense of humour** and
the way I interact with people that is at the heart of my brand.

My aim is to build a more **mature audience** also trying to target a younger demographic to build a early trust.

The primary group of people I am aiming at are those aged between **15** and **35.**

I mostly produce content in English so as to be able to reach a **wider audience.**

I want to reach people in **India**, in the **United States**, and in other parts of the world,
without restricting the brand to just one country or region.
Build a well-known creator brand so that people come
for the content but end up staying because of the
voice, personality, and overall experience.
